(contractor business, electrical-communication system installation, air conditioning system, sanitation systems and fire protection system) by purchasing common shares 391,250 shares, price at 388.86 baht per share, par value 100 baht, total investment amount 152.14 million baht.
- In June 2019, the company had capital increase (common and preferred shares) into Nitto Kogyo BM (Thailand) Co., Ltd. for 62.40 MB representing 48% of the paid-up capital.

# Risk Factor

## Risk Factor

Business's risk factor and risk prevention highlights:

- Material fluctuations as the world's material price and government's policy for material price management and control: When material cost is high adjusted price, it will be effected to production cost and profit margin if sale price is unable to raise up according cost as higher in case of insufficient stored materials.
- Competitor number is increased in the industry market: In steel product's production and supply industry is in medium level of competition. We concern the customer's satisfaction for quality products and services with modern technology machines and maintain relationship and trust to customers continuously.
